--The present application claims priority to and is a continuation-in-part from Applicant's copending application entitled "*Wireless Local Loop Antenna*" and filed in the United States Patent and Trademark Office on February 5, 2001, and assigned Application Number 09/775,510; and the Applicant's provisional patent application entitled "*External Antenna for a Wireless Local Loop System*" and filed in the United States Patent and Trademark Office on May 15, 2001 and assigned Application Number 60/290,682. The contents of both of these documents are incorporated herein by reference.--

A1

REMARKS

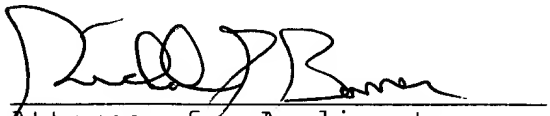
This application is a continuation-in-part of U.S. Patent Application No. 09/775,510. This application also claims priority to U.S. Patent Application No. 60/290,682 which is a provisional application.

The specification has been amended to set forth the correct priority information for this continuation-in-part application.

It is submitted that no new mater has been added.

Applicants' undersigned attorney may be reached in our Washington, D.C. office by telephone at (202) 625-3500. All correspondence should continue to be directed to our address given below.

Respectfully submitted,



Attorney for Applicants
